

Dr. Sindhu Palonath Mana

Controller of Examination, HoD Analytics

Universal Ai University, Karjat

Dr. Sindhu Palonath Mana, currently serving as the Controller of Examinations at Universal AI University, brings over 19 years of teaching excellence and a wealth of experience in both academic leadership and research. With a Ph.D. in Computer Science from the University of Mumbai, where she researched the “Information Encoding and Network Security Applications of Yantra Images from Manuscripts”, Dr. Mana stands as a distinguished scholar and expert in her field. Her academic journey is further strengthened by an MCA from Cochin University of Science and Technology, M. Phil. from Alagappa University, and an undergraduate degree in Mathematics from Calicut University.

Dr. Mana’s career has been marked by a deep commitment to interdisciplinary knowledge and innovation. She has taught at some of the most prestigious institutions, including the University of Mumbai, Nagindas Khandwala College (Autonomous), and NMIMS Deemed to be University in Bengaluru. Her extensive teaching experience has allowed her to shape the minds of numerous students, fostering a new generation of thinkers and problem-solvers in the fields of computer science and analytics.

In addition to her pedagogical accomplishments, Dr. Mana has held significant leadership roles within academia. She served as a Member of the Board of Studies at the University of Mumbai and as the Chairperson of the Board of Studies at Nagindas Khandwala College (Autonomous), where she contributed to shaping the academic curriculum and direction. Her influence extends to her role as a Member of the Academic Council and Governing Body, where she guided strategic decisions that enhanced the institution's educational offerings. Dr. Mana has also been an active member of various statutory committees and the Internal Quality Assurance Cell (IQAC) at Nagindas Khandwala College (Autonomous), ensuring that academic standards are not just maintained, but constantly elevated.

Her dedication to academic integrity and innovation has earned her a reputation as a thought leader. As a seasoned peer reviewer and session chair for various international conferences, Dr. Mana continuously contributes to the global discourse in her field. She believes in the transformative power of research-driven education, and under her leadership, Universal AI University is poised to remain at the cutting edge of AI and analytics education, combining technical expertise with a strong commitment to ethical application in real-world scenarios.
