Universal Ai University

Established vide Maharashtra Act No. III of 2023, of
Government of Maharashtra, and recognized by the UGC Act 1956.

Placement Cell & Its Activities

Objective: To bridge the gap between academia and industry by preparing students for the professional world and facilitating meaningful employment opportunities.

Key Activities & Functions

- Industry Interface & Campus Placements: Organizing campus recruitment drives for final-year students. Hosting pre-placement talks, interviews, and selection processes.

- Internship Facilitation: Securing summer and winter internships across sectors. Partnering with industry for live projects and short-term assignments.

- Skill Development Programs: Conducting resume-building workshops, aptitude tests, Mock GD-PI training.

- Corporate Engagement: Organizing industry speaker sessions, conferences, Symposium & HR summits. Building corporate collaborations for curriculum input and experiential learning.

- Career Guidance & Mentorship: Individual counseling sessions on career paths (job, higher studies, entrepreneurship). Alumni mentorship programs and domain-specific guidance.

- Tracking & Reporting: Maintaining placement statistics. Submitting annual placement reports to regulatory bodies.
