FROM THE CHANCELLOR'S DESK

WELCOME TO UNIVERSAL Ai UNIVERSITY,

We are committed to crafting leaders with character and equipping them with the technologies of the future. Our diverse range of AI-embedded degree programs in the field of Engineering, Management, Liberal Arts, Design and Sound will empower students to become leaders in a global context in their field while promoting sustainability and entrepreneurship.

Nestled in the breath-taking location of Karjat, near Mumbai, surrounded by mountains, our university is not just a place of learning but one with a Soul. We focus on the 3 P's, which are Purpose, Passion and Professionalism to ensure our students are well-rounded individuals and are prepared to make a real impact in the world through the triple bottom line (People, Planet & Prosperity) framework creating a positive social, environment and economic impact.

With the world moving towards more automation and digital transformation, Al education and research is highly important for a country to stay competitive in the global economy, thus, Universal Ai University will be a key driver of the country's growth and development in the 21st century by teaching Universal skillsets. Additionally, the university would serve as a research hub for the development of new AI technologies, which would bring economic and technological benefits to India.

At our university, we're dedicated to providing students with cutting-edge knowledge and skills in Artificial Intelligence, Machine Learning, and Data Science. Our state-of-the-art facilities, renowned faculty who are leading experts in the field, innovative curriculum and andragogy ensure that our students are equipped with the tools they need to excel in the fast-paced tech industry.

Our focus on hands-on experiential and immersive learning, industry partnerships backed by 60 Global CEOs, and real-world CMAPS (Collaborative Multidisciplinary Approach towards Problem Solving) projects cannot be found anywhere else. Graduates of our programs will be well-prepared for a variety of exciting and lucrative career paths. Having Univitt Technologies Pvt. Ltd., the in-house technology company at UAi, also provides students and faculty with hands-on opportunities to learn, innovate, and consult on real-world AI projects with leading global enterprises enterprises like Spotify, Forbes, Turner, KPMG, and many more.

Be at the forefront of shaping the future with Al technology to make yourself future proof.

BECOME A PART OF THE AI REVOLUTION BY JOINING AI-MAZING UNIVERSITY!!

#SoarHigh #SoarFar #SoarFast #SoarStrong

FROM THE VICE CHANCELLOR'S DESK

WELCOME TO UNIVERSAL Ai UNIVERSITY,

I relocated from Dallas Texas USA because I wanted to be part of an exciting new university which is India's 1st AI university. We are located in the green rolling hills of Karjat, a short one and a half hour drive from Mumbai, which is ideal for academic studies – close enough to the big city but far enough to focus on studies.

Built on the foundation of the flagship School of Management, the vision of Universal Ai University as a newly established university is to groom global citizens who will positively impact the world using AI. We will differentiate ourselves from other universities in three areas:

- The curriculum – 100% AI. All graduates will either be AI developers or AI power users. For example, we offer one of the world's first BBA in AI, which means that we are teaching our students to solve business problems using AI. We also focus on experiential learning, which means we are a hands-on university.

- The student experience – We will incorporate USA/Texas college traditions with existing traditions to enhance the student experience, giving students a more global perspective. For example, I plan to introduce American football, the #1 sport in Texas and in the US, to students. I also want to build an enduring school spirit so that alumni of UAi can stand proud of their alma mater, and when they meet other alumni in the marketplace throughout the world.

- Campus-wide innovation and entrepreneurship – I will bring the best practices from the US and Silicon Valley to create campus-wide entrepreneurship programs for students across all schools. Whether your career goal is to start a company that can IPO and create maximum economic impact, such as jobs, or work as a corporate employee, we will teach you how to be an entrepreneur, or an intrapreneur inside of an existing corporate to help your employer create new businesses.

As the university grows, we will launch additional future schools where AI can have an outsized impact.

If you are considering UG/PG-MBA studies, I would ask that you consider the curriculum, the student experience, and the campus location in your decision. Should you honor us with your attendance at UAi, we promise you an experience beyond your imagination, and an education foundation to help you prosper as an entrepreneur, or as a corporate employee and leader, and as a global citizen.

Vision & Mission

VISION

To create impactful knowledge and develop innovative, ethical, responsible, and global leaders who will transform organisations and society at large.

MISSION

To drive excellence in education, impactful research, and strong community engagement, resulting in a positive societal impact on our ecosystem that will help transform organizations and society at large.

An Innovative Learning Model - 3 E's

UAi is committed to deliver a life-changing educational experience to Indian and International students. This makes our students corporate ready from the early stage of their career.

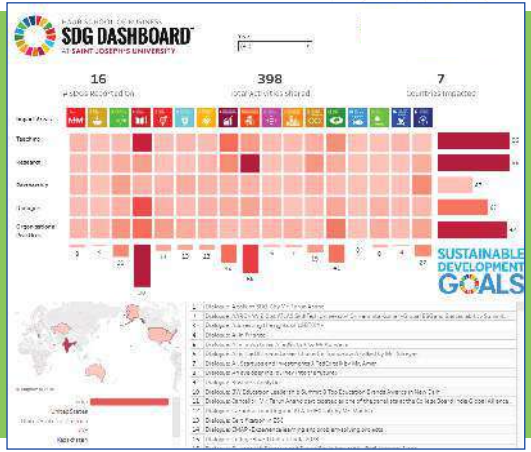
ETHICS | EXPERIENTIAL LEARNING | ENVIRONMENT

UAi follows the 3E's Model to blend Ethics, Experience, and Environment for real-world impact, using Technology.

Sustainability Impact & Economics, Social, Governance

All major corporations are expected to account for their environmental and social footprint. This is carried out through a diverse set of standards, frameworks, and metrics related to what is referred to as an ESG (environment, social, governance) report. Such reporting enables the corporations to better manage their contributions to the attainment of the United Nations SDGs (Sustainable Development Goals).

Universal Ai University has emerged as a disruptor in the SDG landscape, by being the first business school in India to launch its own ESG report, disclosing its environmental and social footprint and re-affirming it's position as India's 1st Green Business School.



India's 1st Green University

Plantation Drive

Solar Energy Plant

Waste Management Plant

Universal Ai Advantage

PUTTING AI IN MUMBAI

COVER STORY
ARTIFICIAL INTELLIGENCE

Artificial intelligence is advancing faster than expected, reshaping not just technology and economy, but also society, politics and global power dynamics. **Recognising AI's strategic importance, India is implementing an ambitious plan to create its own AI ecosystem of homegrown models and computing infrastructure.** With its financial resources and vibrant tech-academia scene, Mumbai is emerging as the AI powerhouse driving India's technological transformation

If we are not careful, we may lose control over AI in five to ten years: **Yuval Noah Harari**, historian and philosopher

WE NEED GUARDRAILS -RULES THAT ENSURE THAT AI IS USED RESPONSIBLY BY GOVERNMENTS, BUSINESS & SOCIETY

The rapid adoption of AI demands regulation. In 2022, Maharashtra passed the Universal Ai University Act, establishing India's first AI-dedicated university in Karjat near Mumbai - the world's third, after institutions in France & the UAE.

Founded in 2009 as a business school by former Thomson Reuters executive Tarun Anand, the university now offers "AI-embedded" courses across disciplines. Anand recognised AI's potential during his time at Reuters, where "hedge funds consumed truckloads of market data & used algorithms to predict outcomes". "By 2005," he told THE WEEK, "algorithmic trading was the norm in Chicago." A meeting with two Stanford professors solidified his conviction: "I thought, this is really transformative."

One of the university's innovations is an AI-powered psychology programme. Students input a patient's social, financial & educational background into an AI model trained on demographic & psychological data. When they add symptoms like depression or anxiety, AI predicts possible remedies. "The more the data, the better the prediction," said Anand. "By year three, the model might be accurate 4 out of 10 times. In five years, with one lakh patients, maybe eight or even 10 out of 10."

LEARNING CURVE
Students learn from an AI device called 'Guruji' at Universal AI University at Karjat, near Mumbai. The university offers "AI embedded" courses across disciplines

But AI's power comes with risks. "In the wrong hands, the consequences could be devastating," Anand said.

At C-MInDS, Agarwal highlighted the emerging danger of AI-generated videos that are hypnotically addictive. "These videos are trained on content that hooks children," he said. "AI optimises visuals-weird shapes, colours, sequences-hacking into a child's neurological system. They simply cannot look away."

This underscores the need for regulation. "We need guardrails-rules that ensure that AI is used responsibly by governments, businesses & society," said Anand.

Built on the Power of AI: The UAi Advantage

At UAi, every program is built on a foundation of Artificial Intelligence. We prepare future-ready leaders who are AI Power Users first, and industry innovators next — capable of using AI to solve problems faster, smarter, and more creatively, while making a positive impact on society.

AI for All

Every fresher — UG or PG — begins their journey with AI courses in their first term, learning to use AI tools confidently and ethically.

Coding for the Future

All students take a foundational Python programming course, enabling them to go beyond prompting and truly understand how AI works.

AI Foundations Certificate

Students prove their skills through an AI Foundations Aptitude Test and earn their first certification.

AI in Action

Students then learn to apply AI to their specialization — whether in Management, Design, Psychology, Sound, Engineering, or beyond — using AI to create smarter, lower-cost, and more creative solutions.

Advanced AI Certification

Before graduation, every student takes a Specialized AI Aptitude Test, earning an advanced certificate showcasing their applied AI expertise.

Where Every Program Thinks AI-First

- Better Employability
- Smarter Problem Solving
- Innovation & Agility
- Global Readiness

AI ISN'T A SUBJECT
It's UAians DNA.

Our Programs

SCHOOL OF SOCIAL, LIBERAL ARTS & BEHAVIOURAL SCIENCES

- B.Sc Psychology with AI

SCHOOL OF MUSIC, SOUND & CINEMATICS

- B.Tech Sound Engineering
- B.A. in Music & Audio Production (Hons.)

SCHOOL OF ENVIRONMENT & SUSTAINABILITY*

- B.Sc Environment Sciences

SCHOOL OF LAW*

- B.A. LLB
- BBA LLB

SCHOOL OF AI & FUTURE TECHNOLOGIES

- B.Tech Computer Science in AI & ML
- B.Tech Computer Science in Data Science
- Integrated Program in Technology & Management IPTM (B.Tech + MBA with AI - Dual Specialisation)

SCHOOL OF DESIGN

B.Des with AI

- Fashion Design
- Communication Design
- Strategic Design Management
- Product Design

SCHOOL OF GLOBAL AFFAIRS*

- B.A. Global Affairs
- M.A. International Affairs & Diplomacy

SCHOOL OF SPORTS SCIENCES*

- B.Sc Sports & Exercise Science
- B.A. Sports Management

DOCTORAL PROGRAMS

- Ph.D.

EXECUTIVE PROGRAMS

- Executive MBA

Programs Offering

Our innovative approach to education is changing the face of business, equipping the next generation of leaders with the knowledge and skills to drive positive change in their organizations and the world.

Be a part of this movement and make a lasting impact.

Pursue Your Passion

School of AI & Future Technologies

School of Design

School of Management

School of Music, Sound & Cinematics

School of Social, Liberal Arts & Behavioural Sciences

Note: The University reserves the right to modify or update any information or policy in accordance with UAi regulations and UGC guidelines. Curriculum revisions, as approved by the Board of Studies (BoS), may be implemented across all Schools. The latest updates and notifications will always be available on the official UAi website.

School of AI & Future Technologies

B.Tech (Computer Science) in AI & ML / Data Science - 4 Years | IPTM (B.Tech + MBA) - 5 Years

B.Tech (Bachelor of Technology) has become increasingly popular due to the rapid growth of AI and its applications in various fields. One of a kind partnership is with LTIMindtree for entire curriculum creation, delivery, internships, and placements.

Advantages

- India's 1st and only B.Tech program with Academic partnership with $4 billion company – LTIMindtree
- Technological Advancements and Innovation & Cross-Disciplinary Learning
- Programming and Data Tools such as Python, R, and SQL. Students also learn how to use data analysis tools, data visualization libraries, and other software commonly used in the industry.
- Dual Advantage: Earn both a B.Tech and MBA degree in just 5 years, gaining a powerful combination of technical and managerial skills.

Program Highlights

2 Internships	2 CMAPS (Collaborative Multi-disciplinary Approach towards Problem Solving)	1 SMART Project	4/5 years of Leadership Development	1 Research Paper
1 Capstone Project	1 SDG (Sustainablity Development Goals) Project	1 AI Project	63% Skill Devlopment & Experiential Learning	47% AI Lab Work

Career Opportunities

1. Data Analyst
2. Machine Learning Engineer
3. Artificial Intelligence Engineer
4. Data Scientist
5. Software Developer
6. Natural Language Processing (NLP) Engineer
7. Robotics Engineer
8. Business Intelligence Analyst
9. Research Scientist
10. ML Applied Research Scientist
11. Technology Managers
12. IT Directors
13. Technology Consultants

School of Design

B.Des with AI – Fashion Design / Communication Design / Strategic Design Management / Product Design - 4 Years

At the School of Design, UAi, we are pioneering a new era of design education that blends creativity with intelligence. Located in the serene, innovation-driven campus of Karjat, our design programs are built for the future—with AI at their core.

Whether you're shaping fashion, crafting products, telling stories through visual media, or managing design as strategy, this is where your journey begins. With global perspectives, hands-on learning, and industry integration, our graduates don't just follow trends—they set them.

Program Highlights

1. AI-Embedded Design Curriculum
2. Project-Based, Application-Driven Learning
3. Transdisciplinary Collaboration
4. Mentorship by Leading Experts
5. Industry Immersion & Global Exposure

Career Opportunities

Fashion Design

1. Fashion Designer
2. Fashion Consultant
3. Costume Designer
4. Stylist
5. Fashion Merchandiser
6. Fashion Buyer
7. Fashion Technologist
8. Textile Designer
9. Fashion Illustrator

Communication Design

1. Graphic Designer
2. UI/UX Designer
3. Animator
4. Motion Graphic Artist
5. Branding & Identity Designer
6. Art Director
7. Advertisement & Entertainment
8. Design Entrepreneur
9. Design Educator

Product Design

1. Product Designer
2. UX | UI Designer
3. Service Designer
4. Packaging Designer
5. Innovation Consultant
6. Design Researcher
7. Art Director
8. Creative Director
9. User Centred Designer

Strategic Design Management

1. Brand Strategist
2. Design Manager
3. Innovation Manager/Consultant
4. Business Designer
5. User Researcher
6. CX/UX Strategist
7. Service Designer

School of Management

BBA in AI - Finance / FinTech / Marketing & Digital E-Commerce 3/4 Years | Global BBA with AI - 3/4 Years | IPM (BBA + MBA) - 5 Years

Universal Ai University is India's 1st AI University giving a unique combination of BBA in AI + Marketing/Finance to the students to be ahead of the game. On completion of a degree covered by the subject benchmark statement, a student will have the AI skills, subject-specific knowledge and understanding, cognitive skills, practical and professional and transferable skills.

Advantages

- AI-Integrated Curriculum: Experience a cutting-edge curriculum that fuses traditional management education with advanced AI and digital transformation modules.
- Global Exposure: Spend 2 months in Europe & earn European credits too.
- Dual Advantage: Study India's 1st AI-integrated BBA + MBA (Integrated Program in Management) in 5 years & gain a powerful combination of technical and managerial skills.

Program Highlights

1 Internships	2 CMAPS (Collaborative Multi-disciplinary Approach towards Problem Solving)	1 SMART Project	3/5 Years of Leadership Development	1 Research Paper
1 AI LabProject	1 SDG (Sustainablity Development Goals) Project	5 Skill Developed	43% Experiential Learning	

Career Opportunities

1. Accountant
2. Investment Banker
3. Finance Manager
4. Loan Officer
5. Financial Manager/Advisor
6. Human Resource Manager
7. Research and Development Assistant Manager
8. Information Systems Manager
9. Marketer
10. Human Resource Officer
11. Brand Manager
12. Operations Analyst
13. Investment Banker
14. HR Consultant
15. Supply Chain Manager

School of Music, Sound & Cinematics

B.Tech in Sound Engineering - 4 Years / B.A. in Music & Audio Production (Hons.) - 3/4 Years

Universal Ai University and SoundideaZ Academy have embarked on an innovative collaboration to pioneer India's 1st AI-embedded Professional Degree in Sound, and Music and Audio Production, a groundbreaking initiative inaugurated by the esteemed vocalist Sonu Nigam. **This partnership aims to cultivate a legion of adept sound engineers and music professionals armed with cutting-edge Artificial Intelligence (AI) knowledge, poised to revolutionize the global sound and music landscape.**

Program Highlights

1. 12 Music Legends on the Advisory Board
2. India's 1st High-Tech 5000 sq. feet Sound Studio
3. 24 - Hour Studio Access
4. Professional Engineers as Faculties

Career Opportunities

Live Sound Engineering
- FOH Engineer
- Systems Engineer
- Monitor Engineer
- Audio Systems Technician
- Broadcast Sound Engineer
- Stage Sound Technician

Audiography
- Sound Recordist
- Sound Designer
- Audio Editor
- Foley Artist
- Studio Engineer
- Dialogue Editor

Music Production
- Mastering Engineer
- Recording Engineer
- Mixing Engineer
- Sound Designer
- Studio Manager
- Music Programmer

AI & ML in Sound
- Audio Data Scientist
- AI Music Composer
- Sound Analysis Researcher
- AI Audio Product Developer
- Generative Music Specialist
- AI Audio Product Developer

Music Recording & Mixing
- Recording Engineer
- Mixing Engineer
- Studio Technician
- Studio Technician
- Sound Editor
- Music Producer

School of Social, Liberal Arts & Behavioural Sciences

B.Sc Psychology with AI - 3/4 Years

Our distinctive approach combines classic Liberal Arts education with cutting-edge technology, industry-focused learning experiences, and worldwide exposure, providing students with a competitive advantage in today's quickly changing market. Our students use AI tools to improve their ability to generate accurate forecasts, while taking into account human emotions on existing conditions. It is more than a topic, it is a way of thinking!

Program Highlights

1 Internships	2 CMAPS (Collaborative Multi-disciplinary Approach towards Problem Solving)	1 SMART Project	3 Years of Leadership Development	1 Research Paper
1 AI LabProject	1 SDG (Sustainablity Development Goals) Project	7 Skill Developed	50% Experiential Learning	1 ESG Project

Career Opportunities

1. Clinical Psychologist
2. Mental Health Counselor
3. School Psychologist
4. Research Psychologist
5. Industrial-Organizational Psychologist
6. Neuropsychologist
7. Forensic Psychologist
8. Child Psychologist
9. Rehabilitation Counselor
10. Substance Abuse Counselor

Specializations

- Clinical Psychology
- Counseling Psychology
- Industrial Psychology

Summer & Winter Camps at UAi

Unlock the Future with AI!

UAi TechTrek is a groundbreaking Camp designed for high school trailblazers ready to lead the AI revolution. This transformative program seamlessly bridges foundational learning with real-world innovation, offering an electrifying, hands-on curriculum that fuses advanced AI concepts with creative problem-solving. Through dynamic lectures, interactive labs, and a high-impact mini-design challenge, participants will harness the power of AI to solve real-world problems and shape the future.

Key Takeaways from Your AIventure

Earn a Certificate & build your Portfolio Stronger

1. Master AI & Emerging Tech
   Hands-on experience in AI, ML, Generative AI, finance, and sound engineering.
2. Innovate & Build Solutions
   Apply design thinking to develop AI-driven projects with real-world impact.
3. Enhance Leadership & Career Skills
   Boost public speaking, teamwork, and decision-making while engaging with industry experts.
4. Experience & Network
   Explore AI in entertainment, showcase projects, and connect with future leaders & mentors.

Eligibility Criteria

1. Open to All School Students Grade 8 onwards (Any Stream)
2. Passion for AI, Technology, and Innovation
3. Eager to Explore Hands-on Learning, Creativity, and Problem-solving

Explore five future-ready specialisations at camp — Management, Engineering, Music & Sound, Design, and Psychology

Batch

Summer Program Batch - May - July
Winter Program Batch - December - January

Postgraduate Programs

NBA - General & Business Management

At Universal Ai University, we follow an academic model which allows for Experiential Learning, Self-Learning & Community Learning in every module along with Classroom learning. CMAPS (Collaborative Multi-disciplinary Approach towards Problem Solving) module that allows students 2 opportunities of one month each dedicated towards Action Learning. Students immerse and solve complex business problems in companies gaining 2 months of additional corporate experience. We have also incorporated Liberal Arts thinking through a new module focused on Universal Philosophies and their impact on society.

- MBA Single Specialization
- MBA with AI Dual Specialization
- MBA Global with International Immersion

Our Partner Universities

UGC Approved MBA - Year 1

Our faculty bring their international business experience to the classroom and employ innovative approaches like the 50 hours live Case Blazer, #Trending, Business Baazigar and Think-A-Thon for the MBA program. The contemporary curriculum is designed for Industry 4.0 by our professors having worked with MNC's at top management positions. The essence of the program is the Action learning Experiential courses (credit bearing), where the student will have an immersive learning experience.

Super 6 AI Foundations:
Start Smart, Build Strong

- Fundamentals of AI & Business Statistics
- AI Ethics and Governance
- AI Programming with Python
- AI Tools & Prompt Engineering
- Entrepreneurial Opportunities with AI
- Business Analytics with AI

Core Modules

- Intelligent Financial Accounting
- Operations Management
- Next Gen Marketing Management
- Organizational Behavior
- Economics for Managers with IER (Indian Economic Review)
- Corporate Finance
- Selling and Negotiations
- Automated Human Resource Management
- Legal Approach to Business
- Strategic Management
- Entrepreneurship Management
- Project Management
- iBusiness Research Methods

Note: Subject to approval of BOS

Experiential Learning

- Leadership Development Potential
- Mentoring
- Wisdom Towards Self Excellence
- Management of Self
- Experiential Learning Toolkit (Tri Business / Case Blazer/ Thomson Reuters)
- SMART (Societal Management Aptitude & Responsibility Temperament) Project
- CMAPS (Collaborative Approach Towards Problem-Solving) I & II
- Summer Internship
- Design Thinking & Innovation
- Research Paper Publication
- CAP (Consulting Aptitude Project)
- Sports

Optional

- Universal Philosophies Impacting Society / CMAPS II

AI EMBEDDED PROGRAMS

UGC Approved MBA (Single Specialisation) - Year 2

1 Marketing (Major)

- Sales & Distribution Management
- Fundamentals of Digital Marketing & AI
- Retail Marketing Strategy
- Consumer Behaviour
- Advanced Digital Marketing & Agentic AI
- Product & Brand Management
- Marketing Analytics
- Global Marketing Strategy
- Services Marketing
- Luxury Marketing
- Integrated Marketing Communication
- Green Marketing Project

2 Finance (Major)

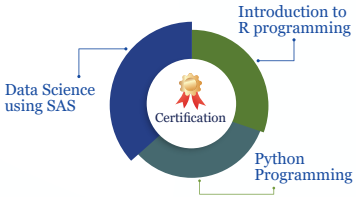
- Tax Planning
- Investment Analytics
- Banking & Micro Finance
- Financial Products & Services
- Financial Modeling
- AI enabled Securities Analysis & Portfolio Management
- Financial Planning & Analytics
- Mutual Fund Product & Strategy
- Fintech with AI
- Wealth Management
- Financial Risk Management Using AI Tools
- Green Finance Project

3 Human Resources (Major)

- AI powered Talent Acquisition & Management
- NextGen Learning & Development
- AI driven Competency Mapping & Performance Management
- People Engagement & AI empowered Counseling
- AI enabled Compensation & Benefits
- Visual Analytics
- HR Analytics
- Diversity, Equity & Inclusion
- Policies and Practices in HRM
- Organizational Design & Development
- Emotional Intelligence & Mental and Wellbeing
- Green HR Project

MBA (GENERAL) VISION

To create impactful knowledge and develop innovative, ethical, responsible and global leaders, who will transform organizations and society at large.



Note:

1) Eligibility for Finance Specilication is 60% in Term 1 & Term 2 + Internal Assessment Test (IAT)

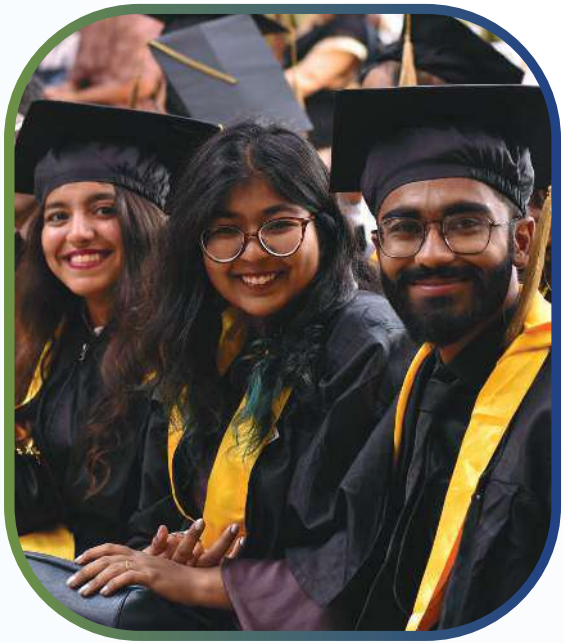
Executive MBA



Why Join Executive MBA?

- ✓ Executive MBA degree from India's First Ai University
- ✓ Cutting-edge AI Integrated curriculum
- ✓ Comprehensive program with focus on business fundamentals, leadership, analytical thinking, technology, and entrepreneurship
- ✓ Endorsed by 60 Global CEOs
- ✓ 3E MODEL- Ethics –Experiential Learning-Environment
- ✓ World Class Faculty & Industry Specialist
- ✓ CEO Talk- Leadership insights
- ✓ Trade Global Markets at Asia's 1 Global Trading Room
- ✓ Spaced learning gamification
- ✓ Interdisciplinary Approach
- ✓ Immersive AI Labs and Facilities
- ✓ Experiential learning through simulations, projects, and capstone courses
- ✓ Redefine the Leader in You
- ✓ Hybrid Learning Experience- Intense but Flexible

The AI workshop led by an industry veteran helped streamline routine tasks and enhance strategic thinking. Overall, my experience with UAi is amazing.

- Akash Gupta

HDB FINANCIAL SERVICES

UAi offers a balanced curriculum combining generative AI, business fundamentals, leadership, and technology. Inspiring CEO talks and a hybrid format make it ideal for working professionals.

- Vishakha Redij

Universal Sompo General Insurance Co. Ltd.

Course Learning Outcomes

1. Develop leadership skills and strategic thinking
2. Enhance your business acumen and decision-making skills
3. Improve your communication and interpersonal skills
4. Expand your global perspective and cultural awareness
5. Change Management Expertise
6. Build a strong network of business professionals
7. Entrepreneurial Mindset
8. Ethical Leadership
9. Future-Ready Business Strategy
10. Be a Trailblazer
11. Industry Titans as Faculty
12. The Ethics, Experiential Learning, and Environment Model

The Executive MBA has been transformative, deepening my business knowledge and honing both technical skills and life perspective.

- Muskan Chourasia
Executive Assistant

Engaged in an intensive curriculum from AI algorithms to strategic business management, this Executive MBA is set to be a career game-changer.

- Avishkar Patil
Design Engineer

School of Management

Doctoral Program - Ph.D.

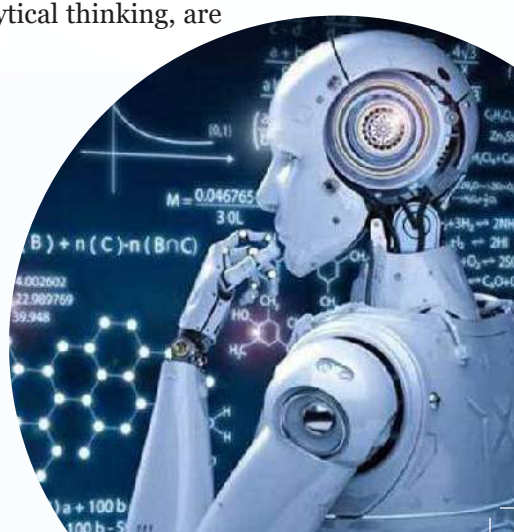
Ph.D. is a full-time, residential doctoral program offering studies in different fields of management and cross-functional areas. The program aims to train prospective scholars to become highly skilled and innovative researchers and teachers in various fields (aspects) of management and relevant areas. It primarily aims at preparing scholars for careers as faculty members at premier academic institutions and for position outside academics requiring advanced research and analytical capabilities.

Program Highlights

- Ph.D. at India's first Ai University, supported by cutting-edge technology and expert faculty.
- Doctoral candidates will work closely with faculty advisors and engage in independent research projects that contribute to the existing body of knowledge in their field.
- The skills developed during the Ph.D., including research, problem-solving, and analytical thinking, are highly transferable and sought after in various professional fields.
- Collaboration and Networking with 200+ CEOs & CXOs

A candidate can pursue research in the following areas:

- **Computer Science**
- **Management**
- **Liberal Arts (Economics & Psychology)**



Mode of Study: Full-time or Part-time

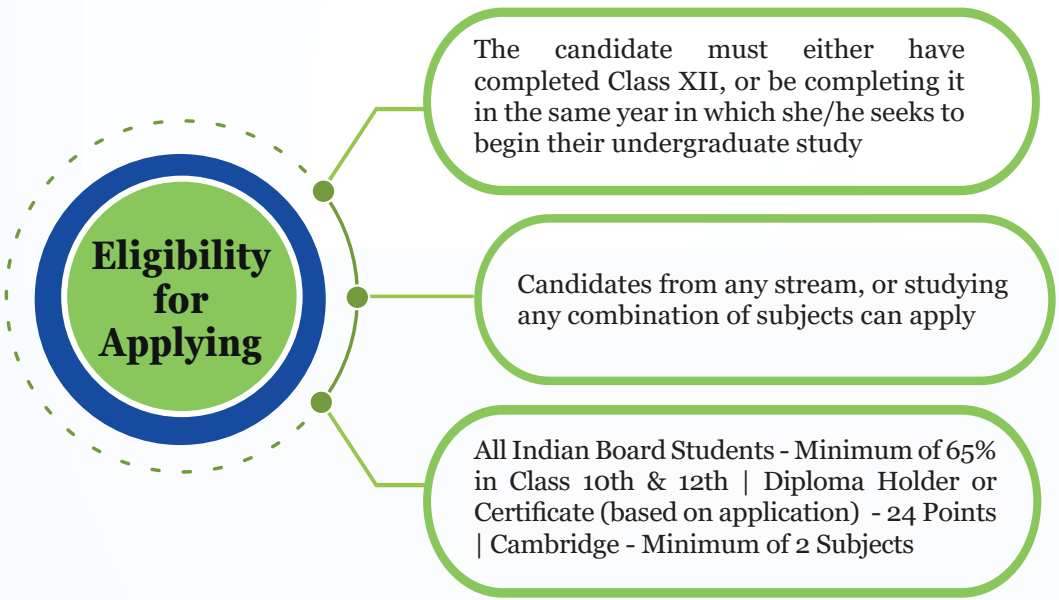
Admission Criteria and Application Process

Undergraduate Programs | Postgraduate Programs | Executive Programs | Doctoral Programs

Undergraduate Programs

Applications are open from all streams (Science / Commerce / Humanities) and across all Indian & International Boards (IBDP / AP/ A-Level / HSC / CBSE or 12th Grade Equivalent). ***Experience India's 1st Metaverse & AI-based Admissions Process.***



Criteria and Weightage

Academics & Other Supporting Documents	50%
Entrance Test (Universal Ai / Other National Level Test / Portfolio)	25%
Interview	25%

1st Indian University to Accept AP Credits, CollegeBoard

CollegeBoard

India's 1st University to Fast Track degree (upto 6 months) with Cambridge A/AS Level & AP credits

Cambridge Assessment International Education

Admission Process

Universal Ai University follows a rolling admissions policy. Rolling admissions means that other things equal, candidates who apply earlier have a higher likelihood of being accepted onto the programs of their choice. It also means that applications will be closed as soon as all the seats are filled.

The process comprises of four steps –

STEP 01

Filling the Application Form (Online) | Available on Universal Ai University Website | Application Fee is INR 2,000 / USD- 25/GBP 20/ EUR 22

STEP 02

Submit Documents | Attach Class 10th marksheet, Class 12th marksheet (if available at that time), Passport size,photograph, Statement of Purpose, 2 Letters of Recommendation,Extra-curricular or Co-curricular activities, Portfolio

STEP 03

Appearing for Universal Ai University Aptitude Test (UBSAT) / SAT / ACT / PEARSON / CUET / UGAT / JEE / MH CET / UCEED / NID / UAiAT/ Other National ET or Submitting a Portfolio

STEP 04

Appearing for the Personal Interview (PI) | All PI's will happen online via Zoom by an AI-Bot named Droid or a Faculty member

Once all four steps are completed, a candidate's application will be reviewed by the Admissions Committee in full. The final admission decision will take into consideration the overall candidature. Candidates who perform well in the admission process may be made a provisional offer of admission, even if their Class XII Board scores have not been declared until then.

Duration : 90 Minutes
100 questions
(No Negative Marking)

Test Format - Metaverse AI based UAiAT test and BOT PI at Eventuality Platform	
English Language & Comprehension	20%
Quantitative Ability	20%

Universal Ai University Mascot - HawkAi

#SoarHigh #SoarFar #SoarFast #SoarStrong!

Unveiling by Padma Bhushan Gulzar Sahab & Tarun Anand, Chancellor

University Mascot Idea came from Dr. Simon Mak, Vice-Chancellor (MIT, USA)

Inspired by Guru Gobind Singh Ji, the Tenth Sikh Guru, a warrior, poet and philosopher who would carry a Hawk perched on his hands which is considered a symbol of heightened awareness, the ebb and flow of the Guru, the new mascot 'Hawk AI' would symbolised the attributes of Universal AI University's mission to embrace the ever- soaring heights of new-age global education with standards, ethics, environment at its core in AI - led education. The mascot was unveiled by Padma Bhushan Shri Gulzar Sahab.

The slogan set, as a Cheer with the new mascot in motion was **'Soar High, Soar Far, Soar Fast, Soar Strong'.**

The values of our Mascot named HawkAi resonates with the values of Universal Ai, which are as follows: Freedom | Courage | Carefree and Open | Self-Reliance | Nobility

EXPERIENTIAL LEARNING

AI CELL

Lead Universal AI University in embedding AI across academics and operations—empowering all to thrive as AI creators or professionals, driving innovation and future-ready learning.

A DYNAMIC SPORTS COMMUNITY

Awarded with “Best Sports Integrated Program” by The Times of India, Universal Ai University focuses on holistic development of its students.

Student Services

CAREER DEVELOPMENT

Universal Ai University makes students corporate-ready alongside their academics. Our SAVI model begins with self-assessment of competencies, goals, and individual SWOT. Faculty and industry experts then validate and identify gaps, creating personalized roadmaps that build on student strengths through regular industry interventions.

HEALTH & MEDICAL FACILITIES

Minor injuries & ailments are taken care by our in-house nurse who is available round the clock for the students. In case of serious medical emergencies, Raigad Hospital is 25 minutes away from the campus & the Wardens personally aides the students. Disability Services : Keeping the motto of being an inclusive B-School, the campus has been designed to be disabled friendly and facilities are provided to the differently abled students.

VISA SUPPORT SERVICES

Partner University will facilitate students and enable them regarding the visa process and documentation.

PLACEMENT SERVICES

Our placement team operates across India, connecting students with 245+ companies for placement and internship opportunities. We facilitate interviews, selections, and help students build their professional network. Our Finance & Welfare Advisory team assists with education loans, installment options, eligibility guidance, documentation, and scholarships.

TRANSPORT FACILITIES

Daily transportation services are provided to & from Universal Ai University campus to Karjat station & market. Campus car & driver services are also available for the students on 12 hour hire basis. For local commutation, another option is auto rickshaws which is available from right outside the campus.

MENTORING & COUNSELLING

Each student has a mentor on campus who they meet every week on Tuesdays. The Mentor acts as the “Local guardian” & coaches the students on academic performance, personal issues, behavioural issues, personal grooming, current affairs, mock interviews & career building.

MULTI FAITH COMMUNITY

Universal Ai University is one big multi-faith family where all the cultural events & festivals across all religions are celebrated with great enthusiasm & love.

WalesOnline

It's time to deepen our links with India - and our universities are showing the way

Prime Minister Theresa May and Indian Prime Minister Narendra Modi walk through the gardens of Hyderabad House in New Delhi

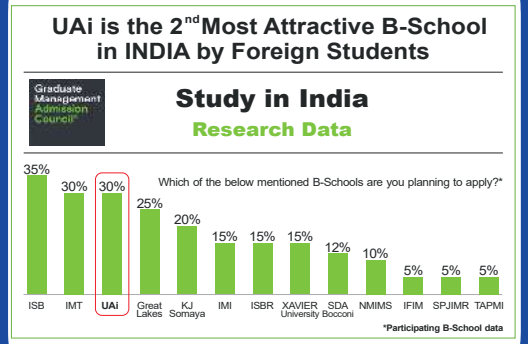
The relationship between the UK and India can be summed up with two words: opportunity and openness.

Initiatives such as the UK-India Business Council's CEO Forum and 2016's UK-India Year of Education, Research and Innovation are all helping to build new and stronger bonds. And to recognise this work, the CBI has recently published a report with Middlesex University entitled Bridges to the future: the role of universities in the UK-India relationship.

Interchange – For example, Cardiff Metropolitan University's partnerships with Planet EDU-QAI and Universal Ai University is an excellent example of the fruits that are borne through the interchange between business and universities in both countries.

Cardiff Met also has a partnership in India with Universal Ai University (UAi). The residential campus is in Karjat, an hour's drive from Mumbai. Currently, UAi has two courses with Cardiff Met, MBA and BA business and management (BABM).

The partnership is expanding steadily and there are long-term plans to expand the courses available. UAi has excellent links with industry, and has a governing body comprising over 50 eminent academics and business leaders from India and beyond. Students therefore benefit from a wide array of guest tutors to enhance their academic learning.



UAi is the 2nd Most Attractive B-School in INDIA by Foreign Students

Can Learning AI Tools in Design Courses Give You an Edge in Creative Careers?

Can learning AI tools as part of design classes actually give them a competitive advantage in their jobs? The answer is definitely yes, and here's why.

Published on: Oct 07, 2025 2:28 PM IST

By HT Education Desk

Artificial Intelligence (AI) is no longer limited to engineering laboratories or coding-intensive sectors as it is transforming creative careers as well. Based on a McKinsey report issued in 2023, almost 75% of businesses in various industries will implement at least one AI tool by 2030, with design-intensive sectors such as advertising, fashion, and digital media being the leaders. For young artists, this presents an interesting question: Can learning AI tools as part of design classes actually give them a competitive advantage in their jobs? The answer is definitely yes, and here's why.

Mumbai – The City of Dreams - Best of Both Worlds

Universal Ai University's Karjat Campus is the 'best of both worlds' dynamic – secluded campus with quick access to the fabled City of Dreams, Mumbai – makes for an unforgettable experience for Universal Ai University students.

"Mumbai is an epitome of cinema, arts, music, business and history". "It's hard to not fall in love with such a magnificent city because of its vibrancy, style, street food, and nightlife. Its close proximity to Mumbai (1.5 hours drive) allows us to attract top CEOs and CXOs from the corporate world who find Karjat a green haven. karjat Known as the 'Hamptons of Mumbai', Karjat's natural beauty – mountains, rivers, lakes, and waterfalls – creates a pollution-free environment that attracts top CEOs and CXOs as guest speakers.

Living in the lap of nature and the heart of greenery gives a completely pollution-free environment which adds one year to the student's life and well-being.

Our residential campus enables 24/7 transformative learning, with 50% of education happening outside classrooms through experiential activities. Students save commute time for better pursuits: rest, sports, hobbies, reading, and entertainment – all while living in the lap of nature. The vibrant proximity to Mumbai's cinema, arts, business, and culture, combined with Karjat's serene greenery, makes for an unforgettable student experience.
