PLACEMENT BROCHURE

MBA Batch 2025-27

Lead with AI: From Insight to Impact

Mission and Vision

Universal Ai University stands at the forefront of next-generation education, preparing leaders for a world driven by **Artificial Intelligence**, innovation, and intelligent decision-making. Rooted in the core values of **Purpose, Passion, and Professionalism**, the university shapes both the academic and personal journeys of its students. Set in the serene valley of Karjat near Mumbai, it offers a world-class residential campus paired with a future-focused ecosystem that nurtures analytical thinkers, ethical leaders, and industry-ready professionals.

Established in 2009 as a premier business school and transformed in **2023 into India's first Artificial Intelligence University**, it reflects a bold reimagining of higher education. **Guided by 60 global CEOs**, eminent academicians, and industry leaders, the university delivers an interdisciplinary learning experience integrating AI, Machine Learning, and Data Science across programs.

Universal AI University is a dynamic hub of talent, research, and industry collaboration, committed to shaping professionals who will lead the next era of intelligent enterprises and global progress.

Vision, Mission & Core Values

Vision

"To create impactful knowledge and develop innovative, ethical, responsible, and global leaders who will transform organisations and society at large."

Mission

To drive excellence in education, impactful research, and strong community engagement, resulting in a positive societal impact on our ecosystem that will help transform organizations and society at large.

Universal Ai does this through:

1 | Teaching - We offer an innovative curriculum and dynamic learning environment, enabling our learners to become responsible leaders with universal skill sets, to solve complex global challenges.

2 | Research & Development - We develop impactful research through global collaborations, using cutting-edge technology and infrastructure to fuel innovation.

3 | Service - We contribute towards a sustainable future by promoting environmental nurturing, prosperity, and positive social impact.

Welcome to **Universal Ai University (UAi)**.

At Universal Ai University, we are redefining education for an AI-driven world—developing leaders who combine technological depth with strategic insight and purpose. At the heart of this vision, the **School of Management (SoM)** prepares future business leaders through an AI-integrated, industry-aligned, and experiential learning ecosystem.

The School of Management stands at the forefront of this mission, equipping students to navigate complexity, drive innovation, and lead with impact. Through immersive experiential learning and deep industry engagement, our graduates develop both strategic perspective and strong execution capability.

Our MBA in AI graduates are prepared to think critically, act decisively, and lead responsibly in a rapidly evolving global environment. Guided by the principles of Purpose, Passion, and Professionalism, they are equipped to create meaningful and sustained impact.

I invite you to engage with our students and experience the depth of capability they bring. We look forward to forging enduring partnerships with your organization while enabling you to identify and onboard future-ready leaders who can create immediate and sustained impact.

When you recruit from Universal Ai University, you invest in future-ready leaders.

Tarun Anand

Message from Vice Chancellor

Prof. Dr. Simon Mak

Founding Vice Chancellor, Universal Ai University
Award-Winning Professor & Global Thought Leader
Former Professor and Head of Entrepreneurship - SMU (Dallas, USA)

Mechanical Engineer from MIT (Boston, USA)
Silicon Valley Entrepreneur | Venture Capital Expert

Welcome to **Universal AiUniversity (UAi)**.

At Universal AI University, we have reimagined higher education for an AI-driven world where technology, global perspective, and human potential converge to shape future leaders in solving the most challenging problems of our time. Our mission is to develop graduates who are not only AI Power Users but also guided by purpose, responsibility, and the ability to create meaningful impact to make our world a better place.

The School of Management (SoM) plays a central role in this vision, preparing future business leaders through a 1**00% AI-embedded, industry-aligned, and experiential learning ecosystem**. Our approach ensures that students are equipped to apply emerging technologies, navigate complexity, and drive innovation across diverse sectors.

Through a strong emphasis on **holistic student experience, hands-on learning, and entrepreneurial thinking**, we enable our students to develop both strategic insight and execution capability. They graduate with the confidence to engage in global environments and the agility to adapt to ever-changing industry demands using AI, making them truly future ready to contribute to any organization they join.

I invite you to engage with our students and experience the depth of talent they bring. We look forward to building meaningful partnerships as you identify and onboard truly future-ready leaders for your organization.

The leaders of tomorrow will not compete with AI—they will lead with it.

from the Desk of Dean

Dr. Harshita Kumar

Dean - School of Management (PG) &
Dean - School of Sound, Music & Cinematics

PhD in Public Relations & Image Management
MBA (Marketing)

Welcome to the School of Management at Universal Ai University - India's first AI University.

At the School of Management (SoM), we are committed to developing agile, responsible, and future-ready leaders for an AI-driven world. Our focus is to blend **management excellence with technological fluency**, enabling our students to navigate complexity and lead with confidence in a rapidly evolving business landscape.

Our **AI-integrated, industry-aligned, and experiential curriculum** goes beyond conventional learning. Through live projects, industry immersion, and interdisciplinary collaboration, students gain both **strategic perspective and strong execution capability**—ensuring they are prepared to contribute meaningfully from day one.

We emphasize **critical thinking, innovation, and ethical leadership**, guided by our core philosophy of **Purpose, Passion, and Professionalism**. Our goal is not just to create successful managers, but to nurture leaders who can drive transformation and create sustainable impact across industries.

We welcome the opportunity to collaborate with you in shaping future talent and invite you to explore the potential our students bring to your organization. We look forward to building enduring partnerships that create long-term value for both academia and industry.

A**t the SoM, we don't just prepare managers—we shape leaders for the future of business.**

School of Management at UAi

At school of management, Universal Ai University, we offer future-focused undergraduate (BBA), Postgraduate (MBA) and phd programs designed to develop industry-ready business leaders. Our AI-integrated curriculum combines management excellence with innovation, experiential learning, and global exposure. Through internships, live projects, international immersions, and industry collaborations, students gain practical corporate experience alongside academic excellence.

Message from Head
Corporate Relations

Dr. Megha Yadav

Asst. Professor, Practice Head (HR)
& Head - Corporate Relations

At Universal Ai University, we believe industry integration is the cornerstone of future-ready education. Our School of Management nurtures professionals who combine business excellence with AI-driven innovation, leadership, and ethical decision-making.

Through corporate partnerships, experiential learning, live projects, internships, global exposure, and skill development initiatives, we prepare students to thrive in a dynamic business environment.

Our learners gain practical exposure through industry immersion, simulations, case studies, and real-world problem solving, making them industry-ready from day one.

We warmly invite organizations to engage with our talented students and collaborate in building meaningful, long-term partnerships that create transformative opportunities for the future.
