WELCOME TO UNIVERSAL AI UNIVERSITY,

where we are committed to crafting leaders with character and equipping them with the technologies of the future. Our diverse range of degree programs in Business Management, Liberal Arts, Environment Sciences, AI, Design, Law, Sports, Commerce, and International Diplomacy will empower students to become leaders in a global context in their field while promoting sustainability and entrepreneurship.

Nestled in the breath-taking location of Karjat, surrounded by mountains, our university is not just a place of learning but one with a Soul. We focus on the 3 P's, which are Purpose, Passion and Professionalism to ensure our students are well-rounded individuals and are prepared to make a real impact in the world through the triple bottom line (People, Planet & Prosperity) framework creating a positive social, environment and economic impact.

With the world moving towards more automation and digital transformation, AI education and research is highly important for a country to stay competitive in the global economy, thus, Universal AI University will be a key driver of the country's growth and development in the 21st century by teaching Universal skillsets. Additionally, the university would serve as a research hub for the development of new AI technologies, which would bring economic and technological benefits to India.

At our university, we're dedicated to providing students with cutting-edge knowledge and skills in Artificial Intelligence, Machine Learning, and Data Science. Our state-of-the-art facilities, renowned faculty who are leading experts in the field, innovative curriculum and andragogy ensure that our students are equipped with the tools they need to excel in the fast-paced tech industry.

Our focus on hands-on experiential and immersive learning, industry partnership backed by 60 Global CEO's, and real-world CMAPS (Collaborative Multidisciplinary Approach towards Problem Solving) projects cannot be found anywhere else. Graduates of our programs will be well-prepared for a variety of exciting and lucrative career paths, including roles in data analysis, AI and machine learning which will be applicable to the fields of Business, Technology, Environmental Studies, Design, Law, Sports, Liberal Arts and International Diplomacy.

Be at the forefront of shaping the future with AI technology to make yourself future proof.

"We study in the lap of nature. The gardens are my favorite place on Campus, where you can enjoy the cold breeze and have your own peace and ME time. There are many leadership opportunities across all the clubs. I was very thrilled that after buying equity in ELC, I was appointed Director of ExCoLearn Pvt. Ltd. and had first hand experience of leadership and management while in my 2nd year of BBA."

**Vaneet
Chaudhary**

"Uai groomed me for 3 years and imparted practical knowledge which transformed my life. Every month I saw a new Vaneet, first as a student, then in 6 months as a Vice President, then in 2 years as a CEO and in 3 years a Director of a private Limited company where I was managing a team of 100 employees and being mentored by a Global CEO. It gave me a real essence of the corporate world and allowed me to become an Entrepreneur after stepping out of UAI. At UAI we worked Hard but we partied Harder with the monthly Octave Nights and the biggest networking party in Mumbai organised by UAI the Midnight Sunrise, from midnight to 6 am, which I had the opportunity to lead the team organising the event."

**Jaya
Lalwani**

"Thanks to UAI, I got this amazing opportunity to study in Europe for 5 months. The Erasmus+ Scholarship from the European Union, was life transforming, where I studied for 5 months in Europe fully paid including my tuition fees, visa, flights, stay and food and got to experience and learn from different cultures. So coming from a small town like Bhopal to experience the world at UAI. It is definitely the best place to do the BBA. I could not ask for more."

STUDENT TESTIMONIAL ON INTERNSHIP

**Harjas
Singh**

"The internship experience at Julius Baer (Leading Swiss Private Bank) was enriching & insightful with first hand experience on analysing funds, managing/revising portfolio's and interacting with the HNI & UHNI clients. It gave me a flavour of the private banking space."

**Saagar
Gangwani**

"During my summer break, I got an opportunity to do my internship from Infosys Poland. I was a part of the Accounts Payable (AP) team, which taught me how the financial processes function in organizations. By attending training programs such as Business Communication & Customer Orientation, I had a chance to develop my soft skills. Working at Infosys was a remarkable experience and I believe it has prepared me for my professional career."

**Gunjan
Wagh**

"It was an amazing experience to work with Sharekhan as a trainee for summer internship. It helped me learn about the stock market, how it works and to manage portfolio. This opportunity has helped me understand what I learnt in college and helped me to apply my knowledge into real market scenarios."

**Karan
Avlani**

"Practical experience through my summer internship has been invaluable. My time at Aditya Birla capital has helped me polish several skills such as communication, multi-tasking, dealing with diversity and meeting deadlines. The experience I take along will help me become more disciplined towards my professional goals. I would really like to thank UAI for giving me this platform to grow and evolve."

**Prapti
Agarwal**

"Internship at Schmitt luxury chocolates was a fun, learning and at the same time an overwhelming experience. During my internship, I had to play different roles from working for new product development, to research, to coming up with new campaign ideas. The company has a strong organizational culture with all the departments working together in a perfect harmony. The internship process helped me understand the crux of Branding and Marketing."

I remember doing a lot of research on which College to send my daughter to after her 12th Board Exam. I wanted a smooth transition for her from a protected environment to a bigger environment where she is able to spread her wings under the benevolent watch of experienced and effective mentors. UAi more than met all my requirements.

A University, equipped with an amazing campus facilities, a collaboration with a globally recognized University, faculty with Industry experience, discipline and an amazing curriculum with a wide spectrum of activities and projects which push the students to undergo rigorous practical assignments, compulsory summer internship, presentations, industrial visits et el. These make them Industry ready with oodles of confidence to face the rigors of real life.

I have seen my daughter an otherwise reticent personality flourish into a confident young women ready to face any situation due to the exposure she has got across case studies, cultural events, marketing events hosted by UBS. UBS builds the spirit of entrepreneurship in the students.

Before I sign off I want to highlight the personal attention that the faculty members bestow on the students and guide them towards the desired goals and the administrative staff who can be relied upon in case your child needs help be it ill health, ensuring discipline in the student's traffic to and from the campus etc.

A big thank you to Universal Ai University in shaping my daughter's personality and making her ready to transition smoothly into a fruitful career (UAi ensures placements for each of their student).

I am a Government servant by occupation and father of Tushar Patra who's currently pursuing an integrated MBA program at Universal Ai University. Looking for a college is a major and tough decision for any parent but when I visited the UAi campus I was very impressed and was sure that my child would be very happy with it. It's a lush, green campus with peace and quiet.

I decided to go for UAi, when we came to know of the degree provided by a reputed international university - Cardiff Met. University. The professors are knowledgeable and the courses promotes free thinking. It is also endorsed by 60 global CEO's who share the nuances of the corporate world. It's a good place to stay and enhance yourself and your skills. The stay at UAi is a whole

new experience. The thrill and feeling of belonging as one as a part of nature across the sprawling campus on the foothills of Mountains, away from the bustle of Mumbai presents an unique opportunity to learn, grow and explore alongside experienced faculty and proficient modules which enable a student to rise from good to great.

The opportunity to study at UAi is one that is regretful to miss. The place is a melting pot of culture and heritage, permits the student to get along with like-minded and driven people to become a truly global corporate citizen. It was a wonderful decision on behalf of a parent and we are truly satisfied with the experience in the last 3 years.

of UAi.

The UAi BBA program ensures industry readiness preparing students for the corporate world. I can tell that UAi comprehends the business world and has grown rapidly, ensuring student's lives are significantly more simpler after graduation. The UAi faculty team is so experienced in industry, committed, very accessible and have mentored my son to give his best. The help of the faculties has been remarkable. They are happy to attempt new things and help my son develop and learn at her very own pace. They additionally esteem and regard my contribution as a parent.

The placements team and the ELC plays a vital role where students gets employability score within the duration of course and determine the capability before sitting in the world of business. My son has recently joined the school, and in a short span he was promoted to Team Leader-Marketing of ELC and furthermore a BRAND AMBASSADOR

At UAi, there are coach mentee sessions and different clubs like CSR, sports and others which makes Hrithik substantially more mindful and proficient to examine in the western culture (USA,UK). UAi has been a splendid stage for appearing and encountering ones ability and the child is prepped and prepared for the corporate world and comprehends everything, which is extremely fundamental.

I am very content with my wife's choice and placing him in UAi for the Cardiff Met University program. *UAi DOES TRANSFORM LIVES**

UAi program is geared towards industry and practical learning which makes the course curriculum so rich, innovative and the students ready for the corporate world. I can tell that UAi has understood that business world is growing up so quickly, for that reason, the college has provided students with the best tool to make the things much more easier after graduation. The faculty of UAi are so experienced and industry oriented, available most of time to coach and monitor the students and provide the best. Most of the faculties have been in the industry and have understood so well that studies are not only about theory, it is more about practicing.

In UAi placement plays a vital role where students gets employability score within the duration of course and determine the capability before sitting in the placement.

In this college for better placement there are mentor mentee sessions and various clubs like CSR (corporate social responsibility). The amazing environment, impressive infrastructure filled with top-notch faculty, thus making fantabulous experience for Shruti. UAi provides a brilliant platform for showcasing one's talent and it perfectly grooms people for the corporate world. Students get the corporate exposure in the college because of ELC company (World's 1st company run completely by the students). The hostel facility is excellent with air-conditioned well furnished rooms.

The fees is quite high but quality of education which they provide is worth it.

As parents, we had some reservations in our hearts regarding UAi with regard to its remote location. But once we visited the campus and met the esteemed Faculty, not only did our doubts diminish, but UAi also proved to be one of the best institutions where your teaching faculty is concerned.

While you gave your best to your students, little did you realise that along with the challenges, you were giving an opportunity to students to grow into strong and virtuous human beings under your care as you streamlined the students' potential.

As for our son Siddhant, his enthusiasm in life has strengthened considerably and now, he is confident to achieve the unimaginable in life as he credits his success to each one of you. He being a topper only reflects the teaching, training and the unmatched educational opportunity provided by your institution. His current experiences in Canada continue to match with the knowledge provided by you which has proved to be a vital element in meeting the growing demands of a globalised world.

I take this opportunity to reiterate my appreciation for the wonderful work you are doing collectively as an institution. May the lord continue to walk with you as you relentlessly strive for the betterment of the student community and the society and world at large.

Universal Ai University is committed to interdisciplinary strengths and develop the capacities of its students, through high experiential learning and effective practice oriented research, which is the need of an hour.

The College Management and the efficient and experienced staff continuously inspire new global perspectives through vibrant collaborations, and drive excellence in research, innovation and education to create opportunity for the students to shape a responsible future for business and society. The curriculum and the methodology at UAi perform their role as a catalyst for the students to, "Be the change they want to see".

As parents we witness students getting prepared for ever changing business requirements, encouraging their creativity and critical thinking plus fostering effective communication skills. The students get corporate world exposure while working as the employees of ELC Company that is run by the students themselves and simulates real-life environment building confidence in them.

At UAi, the students get groomed for the corporate life, with a host of extra-curricular activities, seminars and workshops by Industry leaders, CSR activities, value added weekly assemblies where they are grilled, as a compulsory part of their academics. They use modern pedagogy for continuously improving the teaching-learning process.

UAi ensures and assures 100 % placements for its students in the best companies. Over all, I feel UAi allows the students to develop their competencies, strategies and business skills.
