Summer Internship Report 2025-26

School of Management UG

BBA in AI Marketing / Finance

Where business meets innovation Internships at the School of Management UG

At the School of Management UG, we prepare students to lead in a world shaped by data, intelligence, and dynamic business models. Our BBA in AI is built on the vision of creating future ready professionals who blend business acumen with technology insights. Classroom learnings lay the foundation, but just as a musician needs a stage to truly perform, students need real world exposure to refine their skills.

Universal University

—The future is here—

Through internships, industry projects, and simulations, we ensure our students gain the practical experience needed to thrive in the modern workplace. Our dedicated team supports students with resume building, professional shoots, mock interviews, and access to exciting internship opportunities with top companies. This is where theory meets action and where future leaders begin their journey.

Internship Duration - April'14 to July'14 (Mandatory)
